# Fire training manual free download

206-B, flying colors, on L.B.S. Cross Road, P D U Marg, Sopra Croma, Mulund west, Mumbai - 400080, India As part of our commitment to providing the best possible service, RES has gathered some useful and up-to-date information to help you discover more about fire safety at the workplace Thank you for the interesting in our services. We are a non-profit group running this website to share documents. We need your help to maintain this site. To keep our site running, we need your help to cover our server cost (about \$400/m), a small donation will help us a lot. Help us share our service with your friends. As for SOLAS Chapter II -2, Regulation 15 and 16 Fire Safety Training Manual is a document that prescribes the content and program of preventive measures to combat fires on board the ship, as well as the procedures for combating fires and the management of fire equipment by the crew. Fire Safety Operation Booklet provides information and instructions necessary for the operation of the ship at port and at sea. The Booklet is combined with the above mentioned Manual and also processed in accordance with the requirements of the Safety Training Manual. Fire safety training manual 2.1 Basic fire safety and precautions for smoking, use of electric energy and flammable liquids etc. 2.2 Basic instructions for fire prevention and fire fighting procedures. 2.3 General signs of emergency alarm. 2.4 Fire operation and management equipment. 2.5 operation and management of fire and smoke flap, housing ventilation, fire doors. 2.6 means running. Firefighting booklet 3.1 preface . 3.2 fire prevention measures when in port. 3.3 preventive fire measures when loading and unloading the load. 3.4 preventive fire measures at sea. fire prevention (fire break from occurrence) training topics: What is the fire? What are the possible causes of fire? What should be done to prevent possible causes of fire? actions to be taken to mitigate fires, inspection, risk reporting, training topics: how to prepare for a fire emergency, participation in fire drills. knowledge and maintenance of fire protection systems know how to use the correct type of fire extinguisher the purpose of emergency assessment procedures is to establish minimum requirements that will provide a reasonable degree of safety of fire life and similar emergencies on ships. emergency evacuation procedures will be used to evacuate all occupants during a fire emergency. required by Chapter II-2, Regulation 15.2.3.4 of solas – 2020 compliant. the content of the fire training manual provides general advice on the fight against fire and equipment oo, while the part of fire safety operational booklet has information that is necessary for a specific ship or cargo type. the manual also contains an inventory section for recording the location and type of equipment used on the ship. save 20%'FT20' code at the time of ordering 5 or more copies to save 20% on this item.\* \*cannot be used in combination with any other promotion or discount. Copyright on maritime progress, illegal copy is not allowed. Fires can be identified according to a fire classification. Each class identifies the fuel involved, which results in pin indicating the most appropriate way to turn off the fire. Identifying the correct fire classifications allow safe selection of a safe extinguisher along efficacy lines to put the type of fire out. Download Now There are many different types of extinguisher available. Each type will play different roles in case of different fire classes. Our graph of fire extinguisher types is a more thorough look on which fire extinguisher is more effective against different types of fire, how they work, how to use them and all you don't have to do. Download Now If you have questions that are not answered here because they do not send us an email through our contact page, we will try to find out the answer and return to you. You.
